Change-Maker / Service Project

CORE PRINCIPLES

- Be Collaborative

- Find a non-profit or organization you can truly support.
See power of collaboration & building on vs reinventing

- Be Connected

- Hands on vs project w/ no connection to those served (eg fundraiser)

- Be a Spark

- Raise awareness for others.
Spark a different way of thinking (a campaign)--and/or rally others to join u

- Be Lasting

Do something that will live on beyond that day
(a new process, a structure, an App, a training, a manual, education, etc)
